RHEUMATISM AFTER HIS DAY'S OUTING.

Hunting Trip On A Wet Day Brings Painful Results.

Once upon a time Charles Mullen, of Philadelphia, went gunning. It was a dismal rainy day, and long exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his bed.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, toothache and relieves lame back, neuralgia, in fact all external pains.

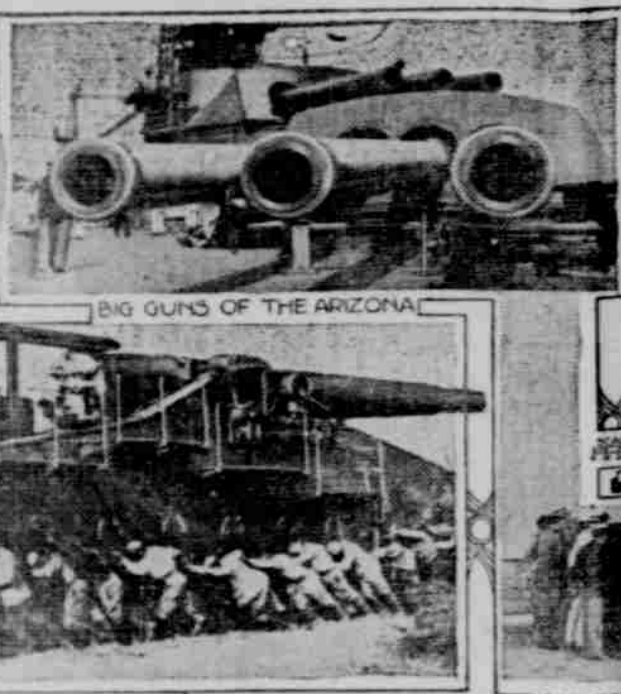

At the druggists, 25c, 50c and \$1.00 a bottle.

News Snapshots Of the Week

Viscount Grey, British foreign secretary, intimated that, while the allies weren't ready for peace, they welcomed efforts to establish league of peace. The old time spirit of the day has been revived in the observance of Halloween this year. Edison and his wife helped to celebrate thirty-fifth anniversary of the incandescent light when they visited the electrical show in New York.

General Mackensen, leading the Teutonic and Bulgarian forces, pushed from the south against Romania in Dobruja, capturing the important Black sea city of Constantza, while General von Falkenhayn gained on the northern border. Fighting in France was mainly reflected in the sensational advance made by the French at Verdun, where they gained in a single day what Germany fought two months to get. The dreadnaught Arizona, just put into commission, was made a unit of the Atlantic fleet.

HALLOWE'EN PARTY.

On Halloween night Miss Katy Flinn entertained a number of her friends. The home was beautifully decorated in red berries, autumn leaves, pumpkins and candles. The guests were masked representing clowns, witches and number of other comical things. About eight o'clock everybody unmasked, passed into the dining room and served whipped cream, jello and cake.

Those present were: Messrs. Raymon Bushart, Fannie Herndon, Porter Castleman, Dixie Flippin, Blayne Flippin, Jack Allen, Forrest Pool, Gaylon Laird, Verna Doty, Gracie Cloar, Jo Morris, Lawrence Allen, Cary Herndon, Russell Ryan, Gaylon Crawford, Misses Ida Sue Perry, Willie B. Johnson, Madeline Johnson, Cora Read, Hollie Swift, Mildred Armstrong, Roulouze Ballard, Christine Castleman, Gertrude Haynes, Mabel Benton, Irene Benton, Pearl Kemp, James McGill, Lillian Caldwell. After a late hour and after a number of games and contests the jolly crowd went to their homes feeling that Miss Flinn was an almost perfect entertainer.

CARRIED TO NASHVILLE

Mr. and Mrs. Jesse McNeill left Sunday for Nashville with their little daughter, Nellie, where they will possibly have an operation performed on her eye. This is an unusual case, the bone above the eye seeming to be affected. A particle of this bone was removed Sunday and they left immediately with her for Nashville. The sight of the eye is alright, the trouble seeming to be above it and it is thought to be tuberculosis of the bones. This trouble seems also to have gone to her hip and her condition is very serious.

Deafness Cannot Be Cured

of local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it swells and shuts off the passage of air. When it is thus closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
